R. EDISON has succeeded in making the Phonograph so clear and rendition of all kinds of music and other sounds is remarkable and almost beyond belief. The Edison Phonograph is not only

the greatest entertainer

that can be introduced into a home; it is also a scientific apparatus which will help to educate the minds of the children who listen to it. Did you ever hear an Edison Phonograph—not the so-called talking machine, but the Edison Phonograph, the one which Mr. Edison invented and which has received all his greatest improvements? If you have not, you do not know how perfect a rendition of sound can be made by mechanical means. Amadein

You owe it to yourself to go to the nearest dealer and see and hear the Edison, and especially to ask for the new model-with the big horn. A book about it will be mailed free, on request, to any address.
